FROM THE CHAIRMAN

From the Chairman – Spanner – September 2022

Dear Fellow Members

What a privilege it's been to attend our 1st Erfenistoer. Our sincere thank you to Pierre Olivier and his organising committee for arranging such a wonderful event. René and I thoroughly enjoyed every minute.

We initially planned to take our 1970 Mercedes-Benz W111 280SE 3.5 Coupé, but due to mechanical problems, we had to make another plan. We decided to take our 1st classic car, a 1965 Mercedes-Benz W112 300SEL and what a good choice it was, with the power steering, automatic gearbox and air suspension, not to mention the huge boot, it turned out to be an excellent touring car with a smooth cruise all the way.

As you read this, our Annual General Meeting is around the corner, scheduled for Saturday, the 26th of November 2022, to be followed by our Yearend function, a lovely sheepbraai at die BENZ.

Please join us to celebrate a successful year with Covid-19 almost behind us.

The focus in 2023 will be on Italian marques to make this '**uno spettacolo motor show italiano**' one spectacular Italian motor show, be these contributions in the form of '**automobili, motociclette e trattori**' motorcars, motor bikes and tractors including Vespas.

It's the 26th anniversary of this annual event, held at Eden Technical High School, with its ample grounds accommodating motorcars and motorcycles of all ages and marques.

The Southern Cape Old Car Club and GOCS organisers are inviting motor enthusiasts and clubs from across Southern Africa to start planning their participation in next year's Italian-themed event – all classic marques are welcome to join us.

Most importantly, all participants and stallholders should take note that the only way to register is through the Southern Cape Old Car Club website – click on www.scooc.co.za to access the registration form, which will be open for registration from 1st of November 2022 onwards.

TECHNICAL EVENING AT SCRIBS BENZEUM – 20 JULY 22

The members of the Southern Cape Old Car Club present at the Technical/Garage evening, were treated to a most memorable get together imaginable, last evening, at the lovely home of our Chairman, Waldo Scribante and his good lady, René.

Dit was omtrent 'n belewenis om tussen die pragtige versorgde voertuie deur te beweeg en hulle almal te bewonder en dit was baie interessant om te hoor, toe Waldo die teenwoordiges toegesprek het, van die herkoms en geskiedenis van sommige van die motors.

Baie Geluk Waldo en Rene, met jul pragtige versameling, elkeen 'n pronkstuk om op trots te wees.

Nadat elkeen op iets te drinke en 'n heerlike worsrolletjie getrakteer is, kon ons huiswaarts keer met baie aangename gedagtes.

Baie dankie Waldo en Rene vir julle vriendelike gasvryheid en baie dankie ook vir elkeen wat gehelp het om die aand so 'n groot sukses te maak.

Laaste, maar nie die minste nie, baie dankie aan elke lid en die gaste wat teenwoordig was. Julle ondersteuning word waardeer.

Beste Wense,
Koot du Toit

MERCEDES BENZ KLUB SNOEKBRAAI

JAARLIKSE 2022 MERCEDES BENZ KLUB SNOEKBRAAI

Hierdie byeenkoms het al sinoniem geword met die eerste naweek in September elke jaar.

Kobus Harris het gister bevestig dat dit die eerste sosiale geleentheid was wat gereel is na die ontstaan van die Klub en dat hy van die aanvang daarvan verantwoordelik is vir die reelingen uitvoer daarvan. Hy kon nie met sekerheid bevestig of dit die afgelope naweek nommer 25 of nommer 26 op die kerfstok was nie.

Heartiest of Congratulations and thanks to Kobus, Naas, Chris, Renscke and Robert as well as Waldo for arranging for, amongst other things, the very handy portable drums used for doing the braai as well as everyone else that contributed to make it such a great success.

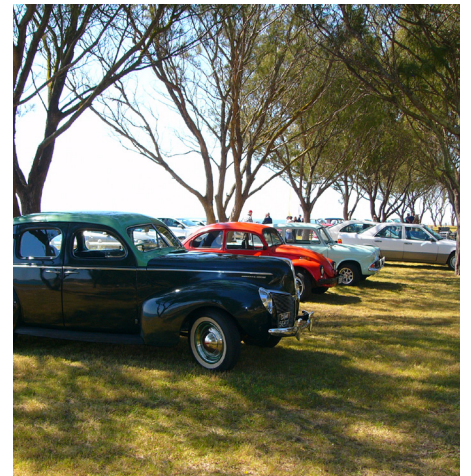

Die venue sowel as die weer was met een woord onverbeterlik. Dit was so 'n rustige gemoedelike en gesellige samekoms en dit was heerlik om saam met soveel lede van die Suid Kaap Oumotorklub te kuier. Baie dankie aan Pierre Conradie vir die woorde van dank wat hy tydens die geleentheid namens die Oumotorklub se lede uitgespreek het.

Mag ons almal gespaar word om dit DV volgende jaar weer te doen.

Met Beste Wense.

FROM THE DESK OF SAVVA

Our **AGM for 2022** was held in **Queenstown**, hosted by the **Queenstown Automobile Club**.

I would like to thank the club for hosting the meeting and making all those that attended the meeting in person, feel so welcome.

In conjunction with the in-person meeting, a virtual ZOOM meeting was held, and total attendance was excellent. We had a small hiccup when we experienced load shedding at 11:00, but after about ten minutes we were all back online.

The SAVVA National Council members that were proposed and who accepted their nominations are as follows:

John Reid	Chairman
Gavin Allison	Vice Chairman
Philip Kuschke	President
Megan Woodward	Secretary
Paul Koski	Treasurer
Hennie van der Walt	Motorsport

The last few years have not been conducive for clubs to organize outings and we are all pleased to be able to get together once again with our friends and use the old vehicles we love. Just attending a few club meetings here in Gauteng showed that we are almost back to pre-COVID levels of attendance and people are once again out and about.

Youth participation is vital for the organisation and with Riaan Hanekom leading our youth development wing, **2022/2023** should see a younger breed of member attending our events. The youngsters are just as passionate about their cars as us older members are, it is just that they love a different type of vehicle and sometimes are not too keen on structured outings and prefer casual gatherings. Philip Kuschke has kindly agreed to help Riaan this coming year to progress this endeavor and I look forward to being able to report a great number of new young members at our next AGM. Please make the effort to encourage the younger members and make them and their cars feel welcome at club meetings.

Baie klubs het in die verlede 'n jaarlikse tydren gereël. Dit het daartoe gelei dat baie nuwe lede blootgestel is aan die kuns, vaardigheid en pret van stiptheidstydrrenne (regularity rallying). Sover my kennis strek, het slegs drie klubs in 2022 'n klub-tydren aangebied, wat beteken dat die kuns en pret wat met hierdie tipe tydren gepaardgaan, verlore gaan. Verskeie faktore kan as rede aangevoer word waarom klub-tydrrenne nie gereël is nie. Bestuur het egter 'n besluit geneem om klubs te help om weer hul jaarlikse stiptheidstydrrenne te organiseer. Enige klub wat hulp benodig met die reël van 'n klubtydren, moet asseblief enigeen van die komiteeledede kontak, sodat die klub hiermee gehelp kan word.

Our communications with FIVA have improved over the last couple of years and we have had numerous meetings with their executives as well as their events commission chairman and members. One of the things we are looking at organising is a **FIVA World Tour in 2024**. This Tour will be arranged to start in Cape Town and proceed up the Garden Route with members and visitors able to join for the entire tour or decide where best suits them to join and exit the tour. More details to follow as we progress with the organisation.

Registering a vehicle on the **NATIS system** has become a nightmare and prices of R12000 are being quoted to do the job for you. Even paying this exorbitant fee will still see you waiting up to 12 months for the contracted person to complete the process. **SAVVA** has over the years tried various options to fix or understand the system and we find ourselves having some people say it is easy to do and others saying it is impossible. One of the problems seems to be that one rule that applies in Province A does not seem to apply in Province B and visa versa. Brian Bruce from Knysna has kindly agreed to help SAVVA in this regard and he has been busy for the last six months or so examining the laws and then seeing how to formulate a policy to be followed that will work in all the provinces. It is not going to be an easy task so please don't expect us to wave a magic wand and the problem will be solved. As we progress, we will feed back to you, the members.

Die **SAVVA Motorskema** is baie goed deur klublede aanvaar, en die getal mense wat hul voertuie by die skema verseker, groei steeds. Indien daar klubs is wat nog nie hul lede oor hierdie skema ingelig het nie, versoek ek dat dit wel gedoen word, aangesien klublede verseker baie beïndruk sal wees met die premies en voordele wat hulle sal ontvang.

Fred and Aisne Rascher have for many years produced our **SAVVA newsletter**. Aisne has not been well recently, and they have requested that we relieve them of this duty and we say thank you to both of them for producing the publication for many years. Anyone who has served as an editor of a club magazine will know how much work is involved in doing this task. Chris Cardwell has kindly agreed to take over this task and we hope to see a Christmas edition of the magazine. One of the things that has come to our attention is that many clubs do not circulate the Automobilst to their members. I am not sure why someone in the club can take the decision that their members **DO NOT WANT TO READ** the publication! This should be for the member to decide whether he/she wishes to read it. All sorts of excuses have been offered for not forwarding the newsletter, from "the document is too large" to "our members have limited data available". We will ensure the document will be as small as possible so please make the effort to send the Automobilst out to your members.

Gedurende die afgelope twee jaar het Bestuur landwyd gereis om verskeie klubs te besoek. Dit is ons voorneme om vorentoe nog sulke besoeke te doen om nog meer klubs te besoek en lede te ontmoet.

Tot dan, geniët en waardeer jul oumotors!

Regards

LOOKING BACK AT ERFENISTOER 22: MOTORING HERITAGE SHARED IN STYLE

The preservation of our automobile heritage is a subject close to the heart of Erfenistoer organiser Pierre Olivier, and this year's roadtrip from September 22-25 once again presented an opportunity to expose the Western Cape public to the fine art of automobile preservation.

Lovingly cared-for cars, ranging from antique to vintage to classic, were part of this year's Erfenistoer fleet – a majority of participants hailing from George and surrounding towns. The area is home to members of the Southern Cape Old Car Club (SCOCC), many of whom were among the happy drivers that set off from Halfway Toyota on the bright Spring Thursday that preceded this year's Heritage weekend.

"Our members are not only obsessed with old cars, but also feel very strongly about the preservation and restoration of cars from days gone by. It is especially satisfying to show the fruits of our painstaking maintenance work to the younger generation, and members of the public encountered along the way," says Pierre.

Two of the snazziest cars in the Erfenistoer '22 line-up were Andre Fourie's silver 1970 Mercedes Benz 280 SE Coupé, and Chris van Staden's red 1968 Porche 912 Targa, which celebrated its 10th anniversary of participation in this year's special event.

But these cars are veritable teenagers when compared to some of the more senior models that featured at Erfenistoer 2022: Gert Albertyn in a 1932 Ford Model A; and Gerhard and Fienie Hoepfner in a 1956 Borgward Isabella.

The tour kicked off in George and headed to Oudtshoorn, De Rust, Prins Albert and Matjiesfontein on September 22.

Day 2's itinerary included the towns of Ceres, Tulbagh, Porterville, Velddrif and St Helena Bay, with the Day 3 route leading past Vredenburg, Windmeul, Worcester, Robertson and Montagu.

The final day on September 25 saw Erfenistoer drivers return to George via Barrydale, Tradouw Pass, Buffelsjagrivier, and Riversdale.

Erfenistoer '22 was proudly supported by Multi-fine Products, and took place under the auspices of the SCOCC, which was founded back in 1988.

Indeed, all participants in this year's outide are affiliated to the club, and so share a passion to preserve our motoring history while creating public awareness in the process.

Memories from a Newby Erfenistoer 2022

Richard and Magriet

Magriet and I have attended many of the South Cape Old Car Club shows as a member of the **Queenstown Automobile Club**. They have always been top class. So it was an easy choice to join the SCOCC when we moved down to **Mossel Bay**. However, it did take some time to finally get to signing up, slow to move, like a **Mercedes Ponton 180D**! But more of that later.

Our first outing we attended was the Potjiekos day held at the **SCOCC Clubhouse** and that was terrific. I saw the poster advertising the **2022 Heritage Tour** and asked whether there was still place on the tour. Huge disappointment when I was told that it was fully booked. However, Chris van Staden said that he would see what he could do. Our disappointment turned to joy when I received a call from Chris the following Monday. We were in!

Now, the next call. What car to use? The **1948 Plymouth** had tons of space, but very heavy on fuel. My **64 VW Beetle** could easily manage the 80 km/h needed to stay in sight of some of the "slower" vehicles, but my gut feeling was to go with the **180 D Ponton, a 1958 model**. Choice made.

Well, what an experience. The four days are deeply etched in Magriet and my minds, because we saw most of it in slow motion! My merc, affectionally called "Black Betty", was, at the best of times, b... slow. Driving on the N1, against a strong headwind, and with long trucks, sometimes two abreast, passing us, was hair-raising. Thank goodness I don't have much of that, talking about hair, of course.

Nevertheless, what an exceptional experience as first-time Tour participants The route was meticulously planned, the accommodation and refreshments of the highest standard and the camaraderie, well, besides being teased about our slow pace, the best that one could hope for on an outing of this kind.

Just a few highlights: **Outeniqua Pass** - only 30 Lamborghinis passed us. Dicing with a **1931 Model A Ford** between **Prince Albert and Laingsburg**. The red bus trip at Matjiesfontein with Johnnie (Mostly because the bus was slower than my Ponton.) The mussel soup at the **St. Helena Hotel**, and finally, getting lost in Wellington. I knew that we should have followed the **1970 Mercedes-Benz 280SE** Hahaha!

Thanks to the organizers. You did a great job. We shall certainly recommend the tour to any first-timers. No second thoughts about the next one!

Richard and Magriet.

1965 Mercedes-Benz 300SEL - René Scribante

Hello everyone, let me introduce myself:

I am **Mercedes**, a **1965 Mercedes-Benz 300SEL** and my owners are **Waldo and René**. I am part of a few vehicles of the "**SCRIBS BENZeum**", actually I am the car that started the collection.

Enough of that, I want to tell you about our recent road trip called the **Erfenis toer**. I was so excited when I realised that I am the chosen one for this Erfenis toer, as it was a first for my owners...

I felt very special when we arrived the morning all washed and polished up for the starting event at **Halfway Toyota**, and oh yes for the media.

We left **Halfway Toyota** and drove across the **Outeniqua pass to Prince Albert**. And yes it was my drive across the pass that got caught by the guy with the camera and I ended up on the **SABC news** that evening. Exciting stuff!

I was delighted to meet up with old friends, **Mercedes-Benz 280SE Coupé** owned by **Andre Fourie**, a **Mercedes-Benz 280 Roadster** owned by **Pieter and Wilma Lourens** and a **Mercedes-Benz 280E** owned by **Peet Botha** from the

The following day we set off to **Montagu** for the last evening of our road trip with a stop over at **Hoeka Toeka**. What a place, old cars, tractors, oxwagons just to name a few!

The **Montagu hotel** was splendid with a themed **50/60's party!** Whoop whoop lots of fun was had.

The next morning we said our goodbys to old friends and new...

We did stop for a massive milkshake along the way!

I was a bit sad to say goodbye to all my friends, but also happy to return home to my brothers and sisters at home, even the **914 Porsche** is not to bad...

I hear this happens every year and I hope I get picked again to be part of the **Erfenis toer of 2023...**
